EDUCATION

- KIIT University** Odisha, India
Bachelor of Technology - Computer Science; GPA: 9.17
Courses: Operating Systems, Data Structures, Algorithms, Networking, Databases
Aug 2020 - June 2024

SKILLS SUMMARY

- Languages:** Go, C, Python, Rust, Java, JavaScript, C++
- Skills:** Kubernetes, Docker, Git, Jenkins, Ansible, Terraform, Logging, Tracing, Automation, CI/CD
- Platforms:** AWS, Azure, GCP, Linux
- Soft Skills:** Project Manager, Team, System Design, Tech. Blogs, Time Management, Problem Solving, Documentation

EXPERIENCE

- Viamagus** Remote
DevOps POC (Intern) Feb 2023 - Present
 - CI/CD React-Native apps for Android and iOS
 - Pipeline creation for deploying NextJS app to serverless offering Using AWS S3, Azure StorageAcc, Vercel
 - Snyk Integration in Jenkins Jobs Addition of snyk for vulnerability scan and send the report through emails
 - Nginx as ReverseProxy Switch to Nginx
 - Kubernetes to manage containers EKS, Terraform, ECR, AKS, K8s Gateway API
- Open Source** Remote
Self-Employed (Part-time) Feb 2022 - Present
 - Spin (Fermyon):** Fixed the usage output; quick testing commands in docs
 - Kubernetes (CNCF):** Fix for error suppression, Exponential timeouts, worked on kustomize and fixing of documentation For Detailed view [All OSS contributions](#)
- Technical Blogs** Remote
Self-Employed Mar 2022 - Present
 - All the Blogs written on Cloud-Native technology (from security to deployment, troubleshooting to containerization) [Link to Detailed view](#)

PROJECTS [DETAILED VIEW](#)

- Chat bot - [Link](#)** LLM and WASM
Creator & Maintainer, Transformer, WASM Jun 2023 - Present
 - Create HTTP server using rust as a wasm module and have it to handle request for the text2text generator bot in huggingface
 - Tech: Rust, WASM, Python, FastAPI, HuggingFace
- Ksctl - [Github Link](#)** CLI to manage Kubernetes clusters
Creator, Project Lead & Maintainer Sep 2022 - Present
 - A Generic Kubernetes Management CLI tool for various cloud providers
 - Tech: Go, Kubernetes, AWS, Azure, Civo, GCP, Docker, Cosign
- PDF Editor - [Github Link](#)** Merge & Rotate PDF's
Creator & Maintainer, Web Development, micro-architecture Oct 2021 - Nov 2022
 - understanding Project development lifecycle. Gain Devops tools integration. Embrace GitOps for Continuous Delivery
 - Tech: Go, NodeJS, Docker, Kubernetes, Jenkins, AWS, Azure, Amsible, Terraform

LANGUAGES

- English - Native or bilingual proficiency
- Hindi - Native proficiency

VOLUNTEER EXPERIENCE

- Kubernetes Organization (Member)** Global
Organization behind Kubernetes Development
- Kubesimplify (Ambassador)** India
Simplify Cloud native concepts — created and maintained a project, tech. blogs
- GitHub Community Maintainer (Member)** Global
Collaborate with Maintainers about OSS projects that they are maintaining
